Interpretations / Clarifications

Identifier	Issue Date	Title	Technical Discipline
ESM-CIR-2010-001	1/22/2010	Clarification Applies to 10CFR851 Appendix A 4.(c) to types of items that normally would fall within the scope of the ASME Cod or Standard, but based on some characteristic do not.	Pressure Safety
ESM-CIR-2010-002	1/22/2010	Clarification Clarification that an instrument manufacturer's operating range will be considered the MAWP of the instrument.	Pressure Safety
ESM-CIR-2010-003	2/1/2010	Clarification Clarify requirements for gas regulators in ASME B31.3 pressure systems.	Pressure Safety
ESM-CIR-2010-004	2/1/2010	Clarification Clarify documentation requirements for design information shown on pressure system drawings and sketches.	Pressure Safety
ESM-CIR-2010-005	2/1/2010	Clarification Clarify pressure test requirements for existing WETF TGHS pressure systems.	Pressure Safety
ESM-CIR-2010-006	2/1/2010	Clarification Clarify requirements for info storage format.	Pressure Safety
ESM-CIR-2010-007	2/1/2010	Clarification Clarify requirements for documenting evaluations of ASME Sec VIII, Division 1, Part UG-140.	Pressure Safety
ESM-CIR-2010-008	2/1/2010	Clarification Documentation required by Design Authority Representative (DAR) for fire size determination.	Pressure Safety
ESM-CIR-2010-009	2/1/2010	Clarification Clarify requirements for WETF pressure vessel and piping isolated from the sensitive leak test, Work Doc 371347-01, <i>TGHS Sensitive Leak Test</i>	Pressure Safety

Interpretations / Clarifications

Identifier	Issue Date	Title	Technical Discipline
ESM-CIR-2010-010	2/1/2010	Clarification Clarification on the application of B31.3 304.7.2, Unlisted Components, to existing systems	Pressure Safety
ESM-CIR-2010-011	2/1/2010	Clarification Clarify requirements for unnecessary pressure relief devices in pressure systems.	Pressure Safety
ESM-CIR-2010-012	2/1/2010	Clarification Clarify requirements for safety-grip in hose to pipe connections for pressure system applications.	Pressure Safety
ESM-CIR-2010-013	2/1/2010	Clarification Clarify analysis requirements for existing pressure systems.	Pressure Safety
ESM-CIR-2010-014	2/1/2010	Clarification Clarify requirements for vacuum systems in ASME B31.3 pressure systems	Pressure Safety
ESM-CIR-2010-015	3/23/2010	Clarification Clarify requirements for evaluating unlisted components in new ASME B31.3 pressure systems	Pressure Safety
