ATTACHMENT 1
VISUAL ACUITY RECORD

NDE Personnel are required to pass an eye examination, with or without corrective lenses, to prove:

(1) distance vision acuity of 20/40 or better,
(2) near vision acuity or Jaeger's J2 letters or Snellen English at a distance of 12 inches, and
(3) color perception for blue/yellow and red/green differentiation as measured on pseudo-isochromatic plates.

This form is to be completed by the person administering the vision examinations and is subject to the following conditions:

- The person administering the eye test must be an optometrist, medical doctor, or registered nurse.
- The date of the eye test must not be more than 7 months prior to the date of the NDE Inspector examination or rectification.

NOTE: Visual acuity records which do not comply with the above will be returned to the applicant as unacceptable.

APPLICANT'S NAME _____ **Certification Number** _____ **Z Number** _____

Check one for each vision test listed below

	Yes: Without Eye Correction	Yes: With Eye Correction	No
Distance Vision 20/40 or better			
Near Vision Jaeger's J2 Letter or Snellen English at a distance of 12 inches			
Color Perception Pseudoisochromatic Plates			
Red/Green Differentiation			
Blue/Yellow Differentiation			

I certify that the result of an examination administered listed to the above named applicant has vision capability as listed above:
