

**FORM 01
VISUAL ACUITY RECORD**

NDE Personnel are required to pass an eye examination, with or without corrective lenses, to prove:

- (1) distance vision acuity of 20/40 or better,
- (2) near vision acuity Jaeger’s J1 & J2 letters at a distance of 12 inches, and
- (3) Snellen English at a distance of 12 inches,
- (4) color perception for blue/yellow and red/green differentiation as measured on pseudo-isochromatic plates.

This form is to be completed by the person administering the vision examinations and is subject to the following conditions:

- The person administering the eye test must be an optometrist, medical doctor, or registered nurse.
- The date of the eye test must not be more than 7 months prior to the date of the Inspector examination or rectification.

NOTE: Visual acuity records which do not comply with the above will be returned to the applicant as unacceptable.

Applicant’s Name

Certification Number

Z Number

Check one for each vision test listed below

	Yes: Without Eye Correction	Yes: With Eye Correction	No
Distance Vision 20/40 or better
